**County Library Board Seeks Gov't. APW Fund**

The Crawford County Library took steps last week and this to qualify for a Federal Accelerated Public Works grant to complete the fund to build a new Crawford County Library building.

At a meeting held in Gaylord at the Municipal Building on Wednesday, December 5th at 2 p. m., the following people from the County Library Board and Friends of the Library attended: Mrs. Elva Funk, Mrs. Doris Saunders, Mrs. Mattie Bishop and Wesley Kumpula.

Don Ganser of Chicago, William A. Nash of Chicago and Arne Ervick of Lansing, Michigan were on hand to discuss and explain the act setting up the fund, filling of applications and assistance in filling out specific applications.

A statement from the Housing and Home Finance Agency, Office of Regional Administrator in Chicago, administrators of the fund, explained: "We will accord priority to projects where it can be demonstrated that construction will begin within 120 days after filing of the application and that a substantial portion of the project can be completed within 12 months after initiation or acceleration."

The statement continued: "Cost of land or right-of-way not to be included in the computation of the amount of the grant which is available for any project. This cost must be supplied by the public body from other sources."

The government men at the meeting were quite amazed at the amount already subscribed for the new library building and seemed to feel that a proper application must merit serious consideration.

Mr. Kumpula went to Saginaw on Saturday where the architect, Mr. James Spencer completed the part of the application referring to the portion of the work. Legal tangibles were furnished early this week for the Board by Prosecuting Attorney Ward Ellison and it was expected that the completed application would be on their way within the next day. Also attending the session was Grayling City Manager Harold S. Cliff and Ed Gunning, a Grayling City Councilman and also a member of the Crawford County Board of Supervisors.

The City of Grayling has also entered an application for a grant to be used to revamp the former City Power plant building into a new City Hall and also for funds to construct extension to the existing storm sewer system.

Other projects in the city and county have been discussed and there is a possibility that further applications may be made. The program for 1962 will grind to a halt when the funds authorized by Congress for this program are fully granted.

### Fire Destroys New Truck On I-75

The Grayling City Fire Department answered a call shortly before noon last Wednesday in which a truck was burning on expressway I-75 near the North Down River Road.

The truck belonged to the Plymver Company of Nashville, Michigan. The driver was Dennis E. Arbetsinger of Nashville. Fire Chief Milow Case said the truck, which was a new 1963 model, was a total loss. He also thanked County Road Superintendent Bruce Carlson and the county road crew for bringing out a truck load of water for the firemen to use in battling the blaze.

The truck was loaded with plywood veneers in crates. The driver had been driving on the top of a tire which had gone flat and stopped, set out flares and came in to Grayling. Apparently heat from the wheel started the fire, which kept breaking out again and again after it was seemingly under control by the Department. They were busy, due to being short of help and to the repeated out breaks of fire, until 7 o'clock in the evening.

### Harbor Springs Rams Win 62-49; Travel To Gaylord Next Tuesday

The Charlevoix Rayders in a tie for second place in the Northern Class C Conference with Grayling, Boyne City and Mancelona will invade the Grayling High gym this Friday night for a conference fray. Both teams have lost but one game and that one both to the Harbor Springs Rams.

Charlevoix lost their opener on their home floor to the towering Rams by ten points while the Vikings were dropped in their second loop contest by the Rams on the Harbor floor by 13 points. Last Friday, the Rayders bested the East Jordan Red Devils by 62 to 47 while Grayling in the opener bested the Red Devils 50 to 24.

Thus on statistics, the two teams vieing Friday night seem to be quite equal. It should provide a real contest on the hardwood. A slight edge should be given to the Vikings in that they are playing on their home floor. In other conference action Friday night, Boyne City bounced back with a 46 to 39 win over Gaylord and Pellston continued their winning ways with a 60 to 51 victory over the Mancelona Ironmen.

At Harbor Friday night, the Vikings after a long, cold bus ride took a 12 to 11 first period lead. The Rams came back with a 21 to 20 second quarter score to knot the game at 32 all at intermission. The third quarter proved the Viking downfall as they were outscored 18 to 8 and 12 to 9 in the final period of play.

Paul Ranney, 6 foot, 5 inch Ram center was the thorn in the side of the Vikings. He scored 34 points as he hit on 15 of 31 field goal attempts, 4 out of 8 free throws. He also pulled in 22 rebounds. Tim Neal with 27 points on a 11 and 5 was high for Grayling. Tom Wright added 8, Chris Kroll 7, Bill Joseph 3, and Terry Smith and Jim Young 2 each. Neal grabbed off 23 rebounds and Kroll 17.

The little Vikings kept their victory skien intact as they bested the little Rams 43 to 34. Outscored 12 to 9 and 11 to 9 in the first two periods, the Viking jayves trailed 23 to 18 at halftime. They dropped behind by another point as the hosts outscored them 7 to 6 in the third frame but the little Vikings came back battling in the fourth quarter and held the Ram reserves to a slim 4 points while piling in 19 of their own.

Danny Feldhauser with 13 points paced the Grayling attack with Walt Nielson adding 10, Mike Allen and Richard Smith 8 each with Eddie Robertson and Randy Thompson 2 each. Grayling jayve coach Don Ferguson used a total of 11 players in the game. Winograd with 18 was high for the little Rams.

The Vikings are slated to travel to Gaylord on Tuesday, December 18th for a game with the Blue Devils which will close out cage play until after the holidays.

### Frederic Eagles Still Seek Win

The Frederic High cagers under their new coach Bill Johnson are still seeking their first win as they dropped a pair of games on the road last week. They were bombed by the Mio Thunderbolts last Tuesday night at Mio 85 to 45 and lost to Central Lake at Central Lake last Friday night 48 to 32.

The Eagles were slated to go to Rapid City Friday night according to their schedule but on Monday of this week, Frederic coach Johnson was advised that Rapid City was to cancel their entire varsity cage schedule for the year. He was to attend a league meeting this week where he will find out the details. This slated game with Rapid City would windup cage action for the Eagles until after the holidays.

On Tuesday night, Mio moved out to a 21 to 11 first period lead and were never headed. They added scores of 27, 25 and 12 in the next three periods while the Eagles managed but 11, 17 and 6. Fred Wilson with 15 and Terry Lauff with 14 were top scorers for Frederic. Jim Hoy with 20 was high for Mio.

## The "If" In Tax Reduction . . .

Writing in Nation's Business, Walter W. Heller, who is chairman of the President's Council of Economic Advisors, says that taxes must be cut. In his words: "It now seems clear that one of the chief reasons for the sluggish behavior of our economy over the past five years or so is the persistent drag exerted by our present federal tax system."

There will be general agreement with that statement. And a tax reduction will come as welcome news to all of us — if!

The "if" lies in whether or not the tax saving is offset and more by increased living costs, due to a new surge of inflation. And one of the surest ways to produce inflation is found in successive, growing and huge government deficits.

The intelligent — and safe — way to institute tax reductions is to accompany them with the most stringent possible reductions in non-essential government spending. This means less welfare state — a renewed dependence on local government to handle local problems — a similar renewal in individual self-reliance and responsibility — and the elimination of government from business operations which can and should be conducted by taxpaying, self-supporting private enterprise.

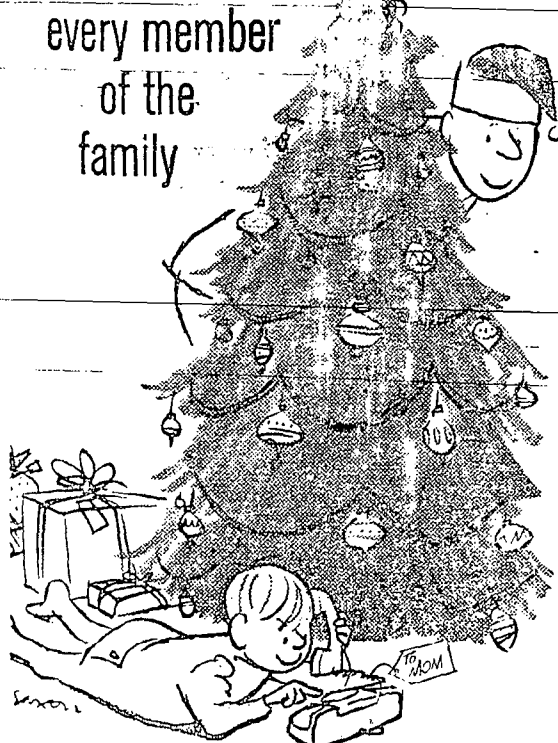

You may, or may not, like this prescription. But, either way, it is the one the national health demands.

## Pension Crazy . . .

An Associated Press news dispatch reports that the ambition of Britain's male high school seniors is a nice safe job with a pension at retirement. A London headmaster who has made a study of the situation concludes, "Nobody wants to be prime minister, admiral of the fleet, field marshal, ambassador to the United States, archbishop of Canterbury or head of the Bank of England. Instead," he said, "the boys look forward to becoming clerks, manual workers, draughtsmen and hairdressers . . . We are turning out hordes of premature pensioners of life." The headmaster based his findings on questionnaires the boys had turned in to government employment officers.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

December 14, 1939

The Hartwick Pines park for the first ten months of this year was visited by 72,462 persons. This is about 8,000 more than were there last year in a similar period. The popularity of this park is growing by leaps and bounds, and is destined to become Michigan's finest park. It lies about seven miles northeast of Grayling and is reached by a fine highway. It comprises about 2,000 acres. Within it stands 80 acres of virgin pine timber which is the last remaining vestige of Michigan's former vast pine forests. Also in the area are two small lakes.

Friday, December 8th, the Green and White journeyed to Boyne City but found the opposition a little too tough and dropped both reserve and first team games. The reserve game proved a thriller as the teams battled it out nip and tuck for the full four quarters. Boyne finally managed to take an 11-14 victory. The main game saw Boyne get away to an early lead and carry off the decision 35-17.

The Dawson Store is again stepping forward with store improvements. This time a complete new air-conditioning system is being installed. This will insure a maximum of 27,000 cubic feet of outside air per hour being supplied at all times, through clean air filters. In the winter the air will be completely changed nearly 7 1/2 times each hour. In the summer it means cooling, dehumidifying, air cleaning and the furnishing of outside air for ventilation. Some of the patrons will recall that this otherwise elegant store was uncomfortable because of the humidity. This is now a thing of the past.

Mac & Gidley's drug store has added some very nice looking booths with red cushions on the seats in place of the tables and chairs that used to be there. Display shelves matching the booths have been added.

After December 31, 1939, employers must furnish each employee a statement of employee's taxable earnings and old age insurance tax deduction.

Mrs. Horace Shaw returned home Sunday after spending the past week visiting in Detroit, where she was a guest at the Howard Scarlett home.

Mrs. Algot Johnson was hostess to the Ladies Reading Circle Thursday afternoon at her home. A delicious lunch was served. Max Ferguson has completed his

business course at the Bay City Business school and has accepted a position as bookkeeper at Burke's Garage, beginning his duties there Monday.

Mrs. Lorne J. Douglas of Bishopric, Saskatchewan, has been visiting her mother, Mrs. Ellen Failing and sisters Mrs. E. J. Olson and Mrs. Earl Wood here the past week. Mrs. Douglas will leave Friday for her home driving back a new Nash car.

Mr. and Mrs. A. Reinboldt and Mr. and Mrs. Joe Schmidt and children visited Mr. and Mrs. Carl Hanson Sunday enroute from Johannesburg to their home in Saginaw.

The thermometer at Grayling Fish Hatchery official records are kept reports the lowest temperature so far this winter as 12 above, which was this morning. A light snow fell during Tuesday night and with the colder weather, is staying.

The intermediate room children of the Frederic School went to Grayling Thursday. After they arrived they visited the printing office. They seem to think it was a nice experience. Helen Kellogg and Helen Wallace went with them.

Mrs. William LaGrow entertained the members of the Just Us club at her home Thursday evening.

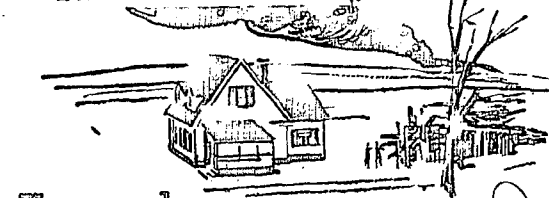

Charles Melichar, proprietor of Grayling Bakery, has purchased the former Lorraine Sparks property on Michigan avenue from the Home Owners Loan Corporation.

Miss Barbara Annis, daughter of Mrs. Ruby Annis, and Norman Johnson, son of Clare Johnson, were united in marriage at the parsonage of Michelson Memorial church by Rev. H. W. Kuhlman Saturday evening.

Mary Lou Graham was made happy on her 14th birthday that occurred Tuesday, when her aunt Mrs. Frank Barnett gave a dinner party for her with ten girls as guests. The table was pretty in a yuletide motif, with burning tapers guarding the birthday cake. Tiny white reindeer at each place were favors. After dinner the girls attended the school play.

Green garlands, strung with electric lights have been hung along the intersections in the downtown district, and a Christmas tree will be placed at the customary place at the intersection of Michigan and Peninsular avenues. Most of the store fronts are being decorated with evergreens and colored lights and by the end of the week the city will be in its holiday attire.

Home Extension Group III enjoyed the second lesson of this year's course at the home of Mrs. W. J. Heric Thursday evening. The ladies enjoyed a potluck dinner with the table pretty in Christmas colors. The business meeting and lesson followed with Mrs. Ernest Borchers and Mrs. Eugene Papendick, leaders, presenting the lesson "Bring Your Home Up-to-date," and did some rearranging of furniture to show how it could be done. Several high school girls met a couple of weeks ago and decided to organize a girl's club. Officers were elected with Ruth Feldhauser for president; Waneda Letts, vice-president; Leona Deckrow, secretary, and Zina Stephan, treasurer. Dues are paid at each meeting and it is planned to put this money in postal savings to be used for a proposed trip next summer. The girls are now making candy to be put in the baskets for the needy for Christmas, and helping gather toys to be given to underprivileged children.

The ladies of the Wednesday Bridge club were guests of Miss Margrethe Bauman at a delightful luncheon on Wednesday. Little did James D. Thompson, local agent for the Manistee and Northern railroad, know just how well he was building when he started out on a fishing trip on May 13th of last spring. After two hours of the hardest fight he ever had, he succeeded in landing what he termed the finest rainbow trout that ever grabbed a hook. It tipped the scales at 8 1/4 pounds and measured 24 1/2 inches.

The trout was caught in the Manistee river near the red bridge. At the end of the season it was found that Mr. Thompson had won the National Championship for the catching of the largest trout. Prizes for the contest from the various Fishing and Sportsmen clubs began arriving, and all that has (Continued on Page 6)

### Frederic P. T. A. News

There was an excellent turnout  
for the December 3rd PTA meet-  
ing at the Frederic school for the  
children's Christmas program. It  
was nice to see more fathers, and  
you could see the happy expres-  
sion on their faces when their child  
did his or her part. The teachers  
and children were pleased because  
of the turnout. There were quite  
a few visitors by invitation.

The program began with Mrs.  
Petty's Kindergarten. "A Des-  
cription of Christmas" and song  
"Away in the Manger." The 5th  
and 6th grades sang "Silent  
Night." Mrs. Bayham's 1st grade  
gave the poem "See the Little  
Reindeer." The 5th and 6th grades  
sang the first part of "Little Town  
of Bethlehem." Mrs. Smith's 2nd  
grade gave the poem "Happy Bir-  
thday to the Christ Child," and  
the 5th and 6th grades sang the  
second part of "Little Town of  
Bethlehem." Mrs. Stearns' 3rd  
grade presented "Will Christmas  
Ever Come?" by the girls and  
"Christmas March" by the boys.  
The 5th and 6th grades sang "Hark  
the Herald Angels Sing." Mrs.  
Porter's 4th grade presented the  
Christmas Geography play. At the  
program's end everyone was asked  
to join in singing "Joy to the  
World."

Refreshments were served by  
Mrs. Raymond Weaver Mrs. Ken-

neth Newberry, Mrs. Ray Middle-  
ton and Mrs. Dianne Phillips.  
Since there was no urgent busi-  
ness, the business meeting was

THUNDERBIRD...  
I've been a Thunderbird man for a long

from any other car.

the fact that it saves us dough!  
Mr. David Phillips, 1718 Michigan Ave., Alma

FAIRLANE...  
I want to have my cake and eat it  
too. I wanted a lot of room for

I have everything I want in my new

### Michigan Week Meeting Held In Gaylord

Representatives of Michigan Week Committees in this six-county Northern Michigan area met in the Gaylord Community School on Tuesday evening, Dec. 4th, to launch the 1963 Michigan Week planning.

Approximately 40 members of county committees were in attendance for this opening meeting. They heard state and regional Michigan Week officials set some proposed plans for the 1963 observance of Michigan Week, May 19th through 25th.

Speakers who discussed the plans for next year's Michigan Week observance included Region 4 Chairman Orville F. Walker, Alba; State Chairman, Herb Daverman, Grand Rapids; Dr. Woodward L. Smith, vice-president of Central Michigan University at Mt. Pleasant, deputy state chairman, Wes Baker, assistant to the president of the S. S. Kresge Co., Detroit; Dale Soller, executive vice-president of the Manufacturers National Bank, Detroit; Don Weeks, associated with Greater Michigan, Inc., state-wide sponsors of Michigan Week; and Mike Church of the University of Michigan.

The state-wide theme chosen for the 1963 Michigan Week observance is "Science and Research for Our Future". In the Osego County observance, emphasis will be placed on county history, as well as state history as it touches on Osego County. Store windows will carry out this theme in their displays for that week.

Other suggestions for local observance were displays of hobbies, arts and ceramics done by local people, a county-wide tour or tours throughout the week, and possibly the giving of seedling trees from local service stations to out-of-state motorists with the tag, "It's Great To Live In Michigan".

### Services Held For Mrs. Leonard Campbell

Funeral services for Mrs. Florence G. Campbell were to be held this Wednesday, December 12th, at 2 o'clock at the Sorenson Funeral Home, with the Rev. Charles Allen officiating. Interment was to be in Elmwood Mausoleum.

Mrs. Campbell passed away at her home on Sunday, December 9th, after having been ill for a long time. Mrs. Campbell and her husband, Leonard, had made their home at Bear Lake in Maple Forest Township for the past 18 years, where several years ago they operated resort cabins. For the past ten years or so they had retired from business, however.

Mrs. Campbell was born Florence Sutton in Butler, Pa., on November 11, 1888. She was 74 years old. Survivors include her husband, Leonard, a daughter, Mrs. Roberta Long of Salem, Ohio, two sisters, Mrs. Clara McCaw of Cortland, Ohio, and Mrs. Alice Walcott of Chardon, Pa., one brother, Floyd Sutton of Euclid, Pa., eight grandchildren and two great grandchildren.

### Mt. Hope Guild Meets

The Mt. Hope Women's Guild held their meeting at the parish hall on December 4th. Newly elected officers were installed by Pastor Beyer as follows: Mrs. Charles Long, president; Mrs. Ralph King, vice-president and publicity; Mrs. Gerald Burns, secretary; Mrs. Howard Hatfield, treasurer.

After a brief business meeting the members took part in their annual Christmas party and gift exchange.

The next Guild meeting will be on January 8th.

### SCHOOL BAND NEWS

The band has been busy preparing for the basketball game this Friday and the Christmas dismissal program. We have also been working on new pieces one of which we might be required to play at the festival in February. We have practiced "Border Line" and "Gredian Theme and Dance".

Starting next month our band meetings will be on the Tuesday following class meetings. This is because the Band meeting had been scheduled at the same time as the Student Council meeting and many of our members are also members of the Student Council.

The following Junior Band players are working on their tests for Senior Band: David McEvers, Mike Corlew, Karen Wedge, Lulu Stephan, and Marilyn Johnson.

### We hope to see them in band before Christmas.
